Finding Your Center

My Story

1. What is the largest school project you ever had to complete?
How did it turn out?

Digging Deeper – For the following case studies, discuss how God was at the center/not at the center of the individual's life in this situation. What did they do right? What could they have done differently? What can you learn from their example?

2. **Case Study #1 – King David's Family Life**
2 Samuel 11 shows us one episode from David's family life. Read through the passage and discuss the questions above.
3. **Case Study #2 – Joseph Work Life**
In Genesis 39-41 Joseph found himself working under a number of different people (Potiphar, the Chief Jailer, Pharaoh). Read through the passage and discuss the questions above.

4. **Case Study #3 – Mary & Martha's Social Life**

Luke 10:38-42 details one of Mary & Martha's interactions with Jesus. Read the passage and discuss the same questions for both Mary & Martha.

Reflection

5. The case studies above looked at three circles in our lives – family, work and social. In which of the circles in your life is God at the center, and in which circles do you need to make Him more of the center?
6. What can you do to keep God at the center of all areas of your life?
