

1 Cor. 10:14-31 – The Tricky Topic of Halloween

My Story

1. What is the strangest food you have ever eaten?

Digging Deeper

2. Explain verse 23 in your own words. Give 1-2 examples of things that aren't technically sinful, but are neither profitable nor edifying.
3. Read Rom. 14:1-3. How can Paul's words here be applied to believers' differing views on Halloween? How can they be applied to other issues (alcohol, vaccines, tattoos, etc.)?

4. What is Paul's purpose in quoting Psalm 24:1 in verse 26? Why is this significant?

Reflection

5. What are one or two "idols" that you see being "worshipped" in our western culture today? What does that look like?
6. Is there anything you do that does not bother your conscience, but might bother the conscience of someone else?
