Romans 7:7-13 – The Value of the Law

My Story

1. What was your most valued possession when you were a child?

Digging Deeper

2. In verses 7+8 Paul says that the Law reveals sin for what it is. Why wouldn't we be better off just not knowing what the Law says?
3. Covetousness is not something we talk about much in our culture. Read Exodus 20:17 and 1 Timothy 6:6-10. What is dangerous about covetousness?

4. The commandment that was supposed to bring life, instead brought death (v.10). Why did it do the opposite of what it was supposed to do?

Reflection

5. What sorts of things do people covet today? Has this changed much since God's command was revealed in Exodus 20:17?
6. How is sin still able to deceive us, even though we have God's written commands in our Bibles? What can we do to avoid being deceived?

Taking the Next Step

In Psalm 119 the psalmist focuses on how wonderful God's Law is. He claims to have treasured God's Word in his heart; it is his delight; worth more to him than gold or silver. Read Psalm 119 this week (16 verses a day will get you there).
